### **Old Business:**

- a) Discount Card Project: Update of \$260. Future Sales to include winter sports athletes. Follow up for gratitude cards to sponsors-Roger Weaver

- d) Estate Planning Package fundraiser –Roger Weaver is working on this.
- e) KOE 2012 in March 9<sup>th</sup> with Anthony Schlegel: Waiting to proceed until Vicki gets a phone call of confirmation. We are not sure where Anthony stands in the OSU coaching line up. The OSU band can be reserved, as can the Mime. The kitchen crew reported on a price estimate for silver-plastic ware, with samples. Post meeting discussion included some various designs with more price checks to follow up in February.
- f) Membership Renewal Drive- Adding the announcement to ½ time breaks at basketball games
- g) Moving Scoreboard Update; We had considerable savings to bid the project out. Mr. Schrock donated the use of his lift and the total came to \$1000.

### **New Business:**

- a) VP/Spirit wear position open- Family Change, Martins have relocated and we will need a new chair/V.P. role. Dennis Noland has agreed to step up and serve in this role for the remainder of the 2012 school year. Approved. Thank You Dennis. Best Wishes to the Martins
- b) Mat purchase for under the basketball chairs-\$549 approved
- c) Contract & \$500 of OSU alumni band- Approved
- d) FCAAB Stakeholders meeting will be on January 10<sup>th</sup> and everyone is encouraged to go.
- e) Mid-State League- Rob Bolar announced that as of the fall 2013 Fairfield Christian Academy will be included in the Cardinal Division of the Mid-State League. Congratulations to all who contributed and worked toward that cause for many years. \*Applause\*
- f) Mime for the KOE is an optional add on to that event. He cost less than the band. Decisions to include him into the event as the Olympian Greek Statue was Approved.

- g) Floor refinish estimate- Rob Bolar explained that floors were usually refinished every 7-10 years, however after researching the topic, this could cost from \$3000 and up, depending of the method. The discussion that followed ended in the decision to wait.
- h) Discussion of additional bleachers resulted in some price investigation and cost for only 26 more seats was prohibitive. Perhaps if we continue to have need, we might want to seek some additional funds from upward athletics
